In Japan heeft Urawa Industry een naam opgebouwd als leverancier van hoogwaardige bekrachtigde stuurhuizen. Om ook in Europa gereviseerde stuurhuizen af te kunnen zetten en om adequate service te kunnen bieden aan de afnemers, is in Nederland een complete revisie werkplaats opgezet. Met de beschikbare kennis in huis is Urawa Industry in staat hier volledig op de Europese klant afgestemde producten te vervaardigen. Geavanceerde controle methoden zorgen voor een constante hoge kwaliteit. Alle onderdelen worden aan een inspectie onderworpen en waar nodig vernieuwd. Alle stuurhuizen worden getest op olie lekkage, onder druk, tijdens een rijweg simulatie en op verdere specificaties, die nodig zijn om een perfecte werking te kunnen garanderen.

English:

In the Japanese market, Urawa Industry is widely known as a maker of high-quality remanufactured power steering racks. To sell power steering racks and offer services at a location near the user, a plant was established in The Netherlands.
